Working Together to Extend your Child's Learning at Home

As we work in partnership with parents/carers we ask that you continue to enhance your child's learning and development this week through sharing and exploring with some or all of the following activities which you can enjoy together:

- ❖ Talk about the length of items around the home, use language such as longer than, shorter than and encourage children to order items by length.
- ❖ Chat to your child about people who help us in our local environment, such as fire fighters, police, doctors etc.
- ❖ Encourage your child to be independent when putting on their coat and shoes.

Please share any photos and anecdotes from any enhanced learning at home on your child's Tapestry account
